COMMON SENSE

Leads most intelligent people to use only meddines of known composition. Therefore it is that Dr. Pierce's medicines, the makele of which print every ingredient entering hat them upon the bottle wrappers and atths, its correctness under oath, are daily growing in favor. The composition of Dr. Pierce's medicines is open to everybody. Dr. Pierce being desirous of having the search light of investigation turned fully upon his formula, being ned fully upon his formula, bein t that the better the composition

confident that the better the composition of these medicines is known the more will their great curative merits be recornized. Being wholly made of the active medicinal principles extracted from native forest roots, by exact processes original with Dr. Pierce, and without the use of a drop of alcohol, triple-refined and chemically pure glycerine being used instead in extracting and preserving the curative virtues residing in the roots employed, these medicines are entirely free from the objection of doing harm by creating an appetite for either alcoholic beverages or habit-forming drugs. Examine the formula on their bottle wrappers—the same as sworn to by Dr. Pierce, and you will find that his "Golden Medical Discovery," the great, blood-purifier, stomach tonic and bowel regulator—the medicine which, while not

"Golden Medicai Discovery, the great, blood-purifier, stomach tonic and bowel regulator—the medicine which, while not recommended to cure consumption in its advanced stages (no medicine will do that) yet does cure all those catarrhal conditions of head and throat, weak stomach, torpid liver and bronchial troubles, weak lungs and hang-on-coughs, which, if neglected or badly treated lead up to and finally terminate in consumption.

Take the "Golden Medical Discovery on time and it is not likely to disappoint you if only you give it a thorough and fair trial. Bon't expect miracles. It wan't do supernatural things. You must exercise your patience and persevere in its ase for a reasonable length of time to get its full benefits. The ingredients of which Dr. Pierce's medicines are composed have the unqualified endorsement of scores of medical leaders—better than any amount of lay, or non-professional, testimonials. They are not given away to be experimented with but are sold by all dealers to medicines at reasonable pricess.

[Entered at the Postoffice of Alexandria, Virginia, as second-class matter.]

ALLEGED PIRATES. What Capt. J. Philan, of the British steamship Rowanmore, and his crew believed to have been a piratical attemp; was reported yesterday to Collector of the Port Lee, at Galveston, Texis, who has wired the details to Wash-

According to Capt. Philan's report, the Rowsnmore, bound from Liverpool to Galveston, encountered a strange schooner about dusk on October 6, about 16 miles northeast of Cayofort Shoal light, to the east of Florida. The schooner was flying the distress s goal, the Greek flag at half-mast, and when the British vessel came alongside, four men from the strange craft at-

tempted to come aboard. Capt. Philan stopped them, and de-manded to know what was wanted. The captain of the schooner said they wanted to leave their schooler, which was disabled, but Capt. Philan could see that the achooner was in a good condition. The commander of the schooler, who said the name of the schooler, who said the name of the schooler, who said the name of the vessel was the Lionface, then said he was short of food for ten men. Capt. Philan offered to send food, but refused to let any of the schooner's crew come

aboard About this time other heads appeared above the cabin of the achooser. The Rowanmore, and three other men in a vswl attempted to climb the anchor chain of the steemship. The crew was summoned, and Capt. Philan and officers, as med with gons, threatened to shoot the first man that came too

The yawl and two other small boats put back to the schooner. The com-mander of the Lionface swore fiercely to his crew for their own failure and at the British stramer. Then the schoon-

er ran to cover among the small islands.
It is said that several other ships have recently reported strange schoolers approsching vessels off the Baham s, but this is the first attempt made to board a

SOUTHERN CHIVALRY.

From the standpoint of "chivalry" is somewhat of a reproach to the men of he north that while the aid the women of that section gave to the cause of the union is as yet without public memorial, the men of the south are raising funds for a monument commemorating the services and sacrifices of the women of the south to the Confederacy.

In South Carolina the men have sub scribed \$20,000 for the monument, and the legislature has given state aid. No woman is allowed to contribute to the South Carolina collection. In other out been so strictly drawn, but in the future the Fouth Carolios example is takely to have the force of the law.

Presumably the monument will be

erected in Richmond, which is still sentimentally the "capital of the Southern Confederacy." In Richmond, nota-bly is the "museum" in "the Confederate white bouse," are already many visible Will secure and retain your confidence the south to the Confederacy while it was battling for life, and of the sympathy beir daughters and granddaughters feel for 'the lost cause."

The exhibition of devices to which the Confederate women were driven when all the "men tolks" were at the front and the blockade was drawing its coils tighter, is pathetic in its illustration of the efforts to make necessities eatisfy tastes formed on luxuries.

The Confederate cloth, hand woven and dyed with such "extracts" as could be substituted for chemicals; the frough dresses bearing improvised tipery either of deftly fashioned remnants or of ccarse substitutes on which refinement bad lavished ingenuity-all these things bespeak a state of siege with the women of the besieged doing their utmost to help the defenders and setting brave faces toward the encircling foe .- Boston

An interesting wedding took place at noon today at the home of Mrs. Nathatel B. Crinsbaw, Lake and Bellons avenues, Govans, was that of her niece, Miss Mary Cordelia Joliffe, daughter of The Latest Designs In the late William H. Joliffe, of Bultimore, to Mr. Hugh Thompson Clarkson, of Son of Dr. and Mrs. H. M. Clarkson, of Haymarket, Vs. The ceremony was performed by Rev. Charles A. Hensel, of the Church of the Redeemer. The bride was given away by her consin, Mr. Benjamin P. Moore. The bride was attended by Miss Marian B. Wyatt, as maid of honor, and her two little cousins from Philadelphia, Elizabeth Joliffe Mc-Elroy and Nathaniel Urinshaw McElroy, acted as flower girl and ribbon boy, respectively. Mr. Walter B. Clarkson, of Philadelphia, brother of the groom was his best man.

U. D. C.

The Daughters of the Confederacy all over the United States are interested in the sixteenth annual convention of the U. D. C. which met at Houston, Texas, today. The convention will be a particularly interesting occasion, as it is the year for the election of new officers. Mrs. Cornelia Brabch Stone, of Texas, has been president-general for the past two years. Her prospective successor may be either Mrs. I. W. Faison of Charlotte, N. C., president of the North Carolina division, Mrs. Virginia Faulkner McSherry, of Martineburg, W. Va., president of the West Virginia division. The delegates from Virginia are Mrs. C. B. Tait, Mrs. Frank Anthony Walke and Mrs. J. Enders Robinson.
